## THE CITY OF LONDON

London has a deserving reputation as one of the best-loved cities in the world. A unique combination of the old and the new, its magnificent historic monuments sit side-by-side with gleaming glass towers and contemporary art galleries.

## AN AREA RICH IN HISTORY

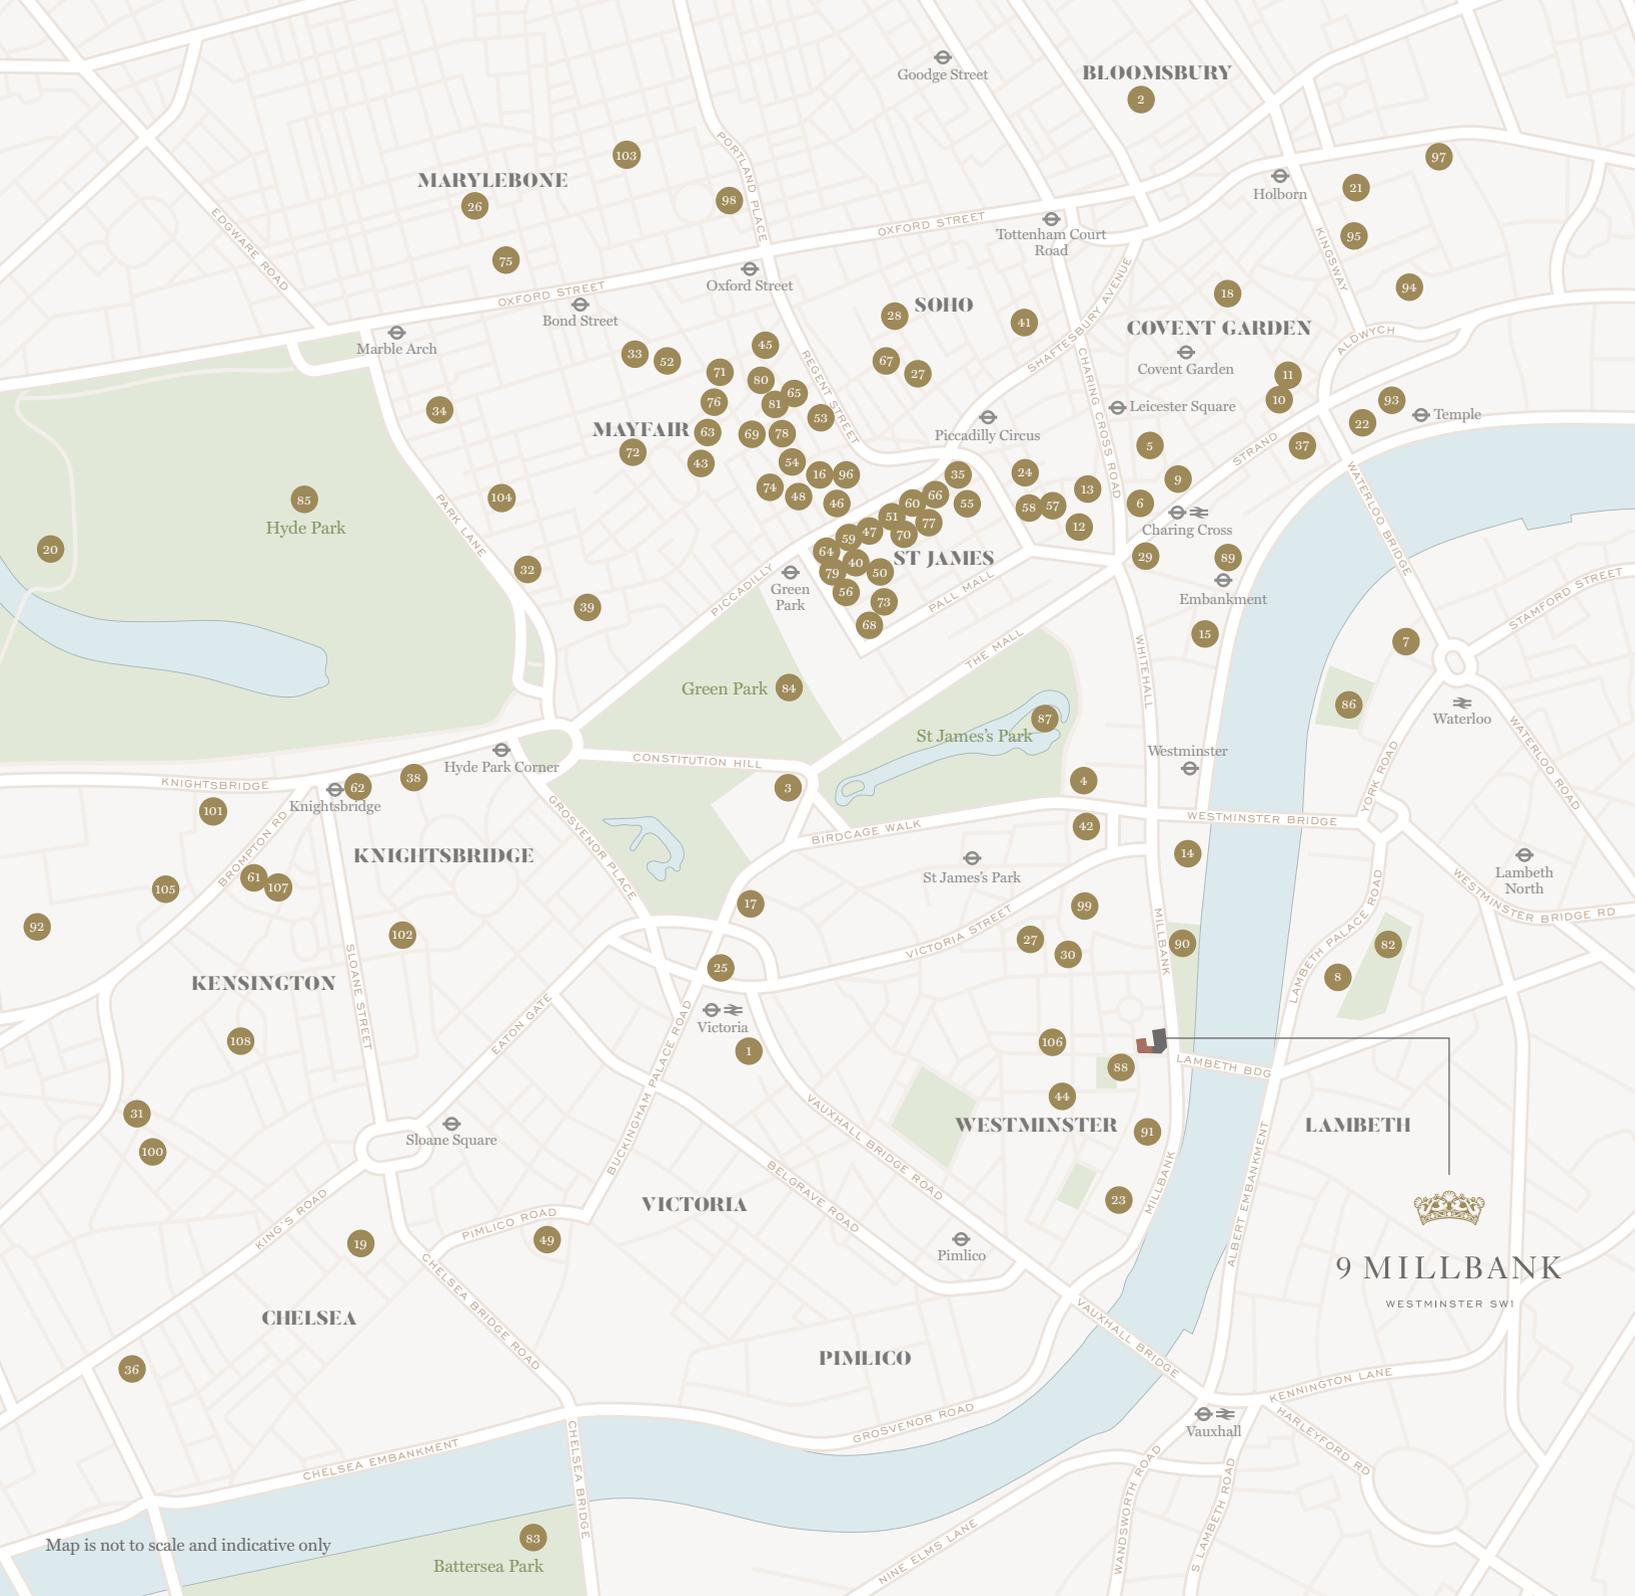

---

The site of many of the world's most best known landmarks, Westminster has witnessed countless royal weddings and coronations, along with the making and breaking of many political careers.

Along with Westminster Abbey, the Palace of Westminster is a neo-Gothic masterpiece, recognisable by its famous clock tower, Big Ben. Known as the Houses of Parliament, this is where the twists and turns of politics play out each day.

Three of London's Royal Parks are in Westminster, the closest being St James's Park, just a 15-minute walk away. Covering 57 acres, it incorporates The Mall and Horse Guards Parade and is the perfect place to while away a Sunday afternoon. Adjacent to St James's Park is Buckingham Palace, where the Queen hosts her annual garden parties and entertains visiting heads of state.
